

## **VV1 Swimming Pool Rules and Agreement**

~ The HOA will comply with any rules related to pandemic or public health safety rules which may modify these posted rules ~

**Who may swim?** The VV1 pool is only for VV1 residents and their guests. Limit two guests per address. Private pool parties are not allowed. The pool is available year-round, but is used a lot more from Memorial Day in May to Labor Day in September. The standard hours are 7 am - 10pm. Please check the **Voice** or **VV1Web** pages for current information. Anyone caught inside after hours will be considered trespassing and risks facing revocation of pool access and privileges or possible law enforcement actions. When the pool is being cleaned, it will not be open. House guests (those staying in the homes of members) are welcome. Residents must accompany guests other than house guests. No use of the pool after 10 pm is permitted. Proper swim attire is required. No cut-offs or street clothing. A complete set of rules is part of your pool fob agreement. Most rules are also posted in the pool area.

**Children /Teens** Those unable to swim, regardless of age, must be accompanied by an adult - no exceptions. Parents are responsible for supervision of their children. Children under 14 years of age must be accompanied by a parent or authorized adult (18+) at all times - no exceptions. Teenagers 15,16, & 17 will be allowed 2 guests provided they are of the same age group (15, 16, 17). Any obnoxious, intoxicated, or unwelcome persons shall be removed from the pool and pool area by security, if necessary. Babies in diapers and children not toilet-trained are not allowed in swimming pool: they are allowed in the wading pool only if in diapers securely fastened and covered with plastic or rubber pants. No child over the age of five (5) years is allowed in the wading pool. Parents should check and insist that their children use the restrooms when necessary.

**Pool Fobs** One electronic pool access key called a fob, will only be issued to property owners, One fob per address. A \$25 deposit is required for the pool fob. If the fob is returned in usable condition, the \$25 is refunded. It can be returned at the Sterling office and the refund will be credited to the owner's account. When you use your fob to enter the pool area, do not let anyone who is not with you, to follow you in, and do not open the gate for others. This is one way to be sure only our residents are at the pool. Gates must remain closed, not propped open.

**Pool Fobs for Renters** As of 2016, the pool key/ fob for a residence will only be released to the property owner. The owner will be the person providing the deposit and receiving the refund upon return of the fob. An owner who chooses to grant a fob to their tenant will need to provide an Owner Approval Form (available from Sterling ASI ) and a Pool Rules Agreement signed by both the owner and the tenant. Both will need to provide current I.D. Existing tenants who currently have deposits on a pool fob can resolve their refund directly with Sterling Association Services Inc., upon return of the working pool fob.

**Lost Fobs** Should an Owner or their tenant lose their fob, this deposit shall not be refunded and shall be kept by VV1 to cover administrative cost and material cost. An Owner may then acquire a second fob for a refundable deposit of \$75. If this fob is lost, no more pool fobs will be issued to this Owner and the \$75 will not be refunded. Deposits may only be refunded when the original fob is turned in. Be careful with your fob.

**To Get Your Fob** The owner applying for fob will need to show their driver's license as ID to get a fob. Fobs will be issued to adults only. No minors may acquire a fob. The adult owner/resident takes full responsibility for their own actions by acquiring a fob and signing a copy of the "Pool Rules Agreement". The Pool Rules Agreement must be signed and submitted in person with our management company Sterling Association Services Inc. **6842 N. Sam Houston Pkwy W. Houston Texas 77064** Phone: **832-678-4500** during regular business hours. In the summer (Memorial Day-Labor Day), Fobs may also be available at the pool to owners with ID, by the Pool Monitor. Pool Monitor hours are daily 4pm-9pm.

**Pool Monitor** We do not provide a lifeguard. Parents are responsible for their children's safety and behavior. To maintain order, cleanliness, screen for non-residents and generally assure a pleasant pool experience, VV1 employs a Pool Monitor during peak season and hours. The Pool Monitor is not a babysitter or a Lifeguard. The Pool Monitor when on duty, will ask you to identify yourself and sign in. This person is an extension of the VV1 Management Team, and should be respected for the safety, comfort and well-being of all pool patrons. The Pool Monitor as an example, may ask residents to leave the water if thunder or lightning become evident. The Pool Monitor will assist in assuring compliance with the VV1 Pool Rules as listed in the Pool Rules Agreement.

**Lightning Alerts** Spring Woods High School our neighbor across the street, employs a Lightning Alert warning system to advise the athletics department of the threat of potential local lightning strikes. You may have heard the 20-30 second siren blare at times coming from the softball field. When this alert sounds, we ask that you exit the pool and move away from any trees, and or metal fences. It is recommended that you wait 30 minutes from such an alert before re-entering the pool. Please educate your children and guests about this sound and system.
